Summary Certificate

of Functional Safety Manager Competencies

ECQA-12634-2815

Arnav Bansal

has passed the

ECQA Certified Functional Safety Manager

examination for the following accredited units
and learning elements

UNITS	ELEMENTS				
SAFEUR.U1	E1	E2	E3		
SAFEUR.U2	E1	E2	E3	E4	
SAFEUR.U3	E1	E2	E3	E4	
SAFEUR.U4	E1	E2			
SAFEUR.U5	E1	E2			

Graz, 12th April 2021
Date

Prof. (FH) Mag. Michael Reiner
President of ECQA

Qualification Association

LEGEND

SafEUr.U1 Introduction to Functional Safety Management

- SafEUr.U1.E1 International Standards
- SafEUr.U1.E2 Product Life Cycle
- SafEUr.U1.E3 Terminology

SafEUr.U2 Management of Functional Safety

- SafEUr.U2.E1 Safety Management on Organisational & Project Level
- SafEUr.U2.E2 Safety Requirements and Safety Case Definition
- SafEUr.U2.E3 Overview of Required Engineering and V&V Methods
- SafEUr.U2.E4 Establish and Maintain Safety Planning

SafEUr.U3 Engineering Aspects of Functional Safety

- SafEUr.U3.E1 System Hazard Analysis and Safety Concept
- SafEUr.U3.E2 Integrating Safety in System Design & Test
- SafEUr.U3.E3 Integrating Safety in Hardware Design & Test
- SafEUr.U3.E4 Integrating Safety in Software Design & Test

SafEUr.U4 Safety on Product Level

- SafEUr.U4.E1 Integration of Reliability in Design to Enhance Functional Safety
- SafEUr.U4.E2 Safety in the Production, Operation and Maintenance

SafEUr.U5 Legal Aspects of Safety

- SafEUr.U5.E1 Legal Aspects and Liabilities
- SafEUr.U5.E2 Regulatory & Qualification Requirements
